

Nutting Creek Watershed

Northeast Fayette and Southeast Winneshiek County

- Nutting Creek has a watershed of 17,000 acres and lies in Fayette and Winneshiek Counties.
- The watershed consists of cropland, pasture, and timberland. The town of Ossa lies in the northern portion of the watershed.
- Nutting Creek is listed on Iowa's 303d List of Impaired Waters. The designated use impairment is aquatic life. However, the reason for the impairment is not known at this time. This grant funding will be used to further the understanding of the impairment on Nutting Creek.
